Testimonial for Watershed Ltd

I have been associated with Kris Morris Vette and Watershed Ltd since November 2005. They have provided consultancy, design, supervision, training and auditing services for Council's Aquatic Facilities.

- Kris has provided an excellent service at all times.
- His advice is always 100% correct, timely and cost effective.
- I have used Watershed to provide advice on upgrading, design, maintenance and the installation of aquatic plant and equipment.
- Watershed have also introduced standard pool water quality testing procedures for our swimming pools and associated staff training.
- Watershed are contracted to provide quarterly operational audits for Councils Aquatic Facilities.

I have no hesitation in recommending Kris and Watershed Ltd to any other organisation.

I consider Kris Morris Vette and Watershed Ltd to be a leading Aquatic Industry practitioner and advisor in New Zealand.

Regards
