To Whom It May Concern,

We had the pleasure of working with Watershed Ltd on a recent project in Whangarei. Watershed, although based in Auckland, were able to instruct and work with us on this project as if they were based in the same area as ourselves and the project itself. We believe the success of the project was due to prompt communications, with site visits carried out when and as required.

Kris Morris-Vette and Vicki Russell were always responsive to our requests for information and were able to make decisions quickly and without fuss.

We look forward to working with Watershed again in the future.

Yours Faithfully,

The Team at ARCO Group Ltd
